PRESIDENT'S MESSAGE

Fellow Firefighters

Another year has come and gone with the winter approaching. The chances of more fires and accidents rise. Please let us be more careful and safe in our jobs. We have lost one Firefighter in 2011, in The-Line-of-Duty. I truly believe that we are being careful, but our jobs can be very dangerous.

We had the Big Electronic Raffle in 2011. I want to thank the people that supported us and congratulations to all the winners (winners listed on page 3).

We are working with the EVERYONE GOES HOME program. More information regarding this can also be found on our website (more information on page 21).

We are looking for someone that did something extra in their life time that is deserving of the Life Time Achievement award. If you would like more information on this, please see our website.

We are looking for some other fundraisers for the 2012 year. I you have any ideas, please contact me.

The MSFFF Board of Directors and I would like to thank the Waterville Fire Department and the City of Waterville for a successful 2011 Convention. The 2012 Conven-

tion is being hosted by the Freeport Fire Department and the City of Freeport. This will be held on September 7th thru the 9th. I hope to see you all there!

The Legislative Committee is working to get the LOSAP program at the

legislature. Maybe at some point we will need your help. We will be in contact with you more regarding the details.

BE SAFE AND CAREFUL!

Richard A. Cyr
President, MSFFF

MSFFF LIFETIME ACHIEVEMENT AWARD

Bruce Woodward was presented with the MSFFF Lifetime Achievement Award at the Directors Quarterly meeting in Augusta on December 10th. Bruce is the Chief of Rockport Fire Dept, a community volunteer, and has been a fire instructor for many years. Joining the board of directors for the presentation were Bruce's wife, Jennifer, his children, Retired Chief David Arey, Safety Officer Clarence Conway and his wife Muriel from Vinalhaven, and Chief Charlie Jordan from Rockland. Bruce took the opportunity, as he always does to do a little training with his acceptance speech., Congratulations Bruce on a well deserved award.

COLE LAND TRANSPORTATION MUSEUM HELPS BURLINGTON FIRE DEPARTMENT

Bangor – The Cole Land Transportation Museum opened its doors for a local fire department.

All the proceeds from the museum’s admission on Saturday is going to the Burlington Fire Department.

The department is about a year old and they have responded to more than 30 calls since their inception.

They are using Saturday’s event to get

exposure and help educate folks on fire safety.

“Six of our active firefighters who go in-doors actually have new gear, and we’re trying to get 10 more sets of gear. The funding we’re getting today hopefully we’ll be able to get some radios and headsets for our water supply people.”

The fire department has been able to purchase several used pieces of equipment. They have 16 active firefighters.
